

## SERVICES FOR CHILDREN & ADULTS WITH DEVELOPMENTAL DISABILITIES AND THEIR FAMILIES— WHAT'S WORKING, WHAT'S NOT?

The Maine Developmental Disabilities Council (MDDC) & the Disability Rights Center (DRC) want your input about the services available to children and adults with developmental disabilities, and other factors that affect their independence and opportunities for full inclusion in their local communities.

Please attend one of our  
**PUBLIC FORUMS**

being held in 10 locations across Maine

3 pm to 5 pm

(Come for a few minutes to provide comments or stay for the whole forum)

**Forum locations listed on back—please select the one  
that works best for you.**

The work of the MDDC and the DRC is guided by the federal  
Developmental Disabilities Assistance & Bill of Rights Act of 2000.

The MDDC focuses on expanding opportunities for children and adults with developmental disabilities to be fully included and involved in their communities and the decisions that impact their lives. The Council is involved in advocacy, capacity-building and other activities to achieve systemic improvements in programs and services.

The DRC has eight programs with different sets of eligibility criteria and limited resources. The DRC is not able to serve all eligible citizens with developmental disabilities in Maine. For this reason, the DRC utilizes public input to assist in the development of priorities each year which guide case selection and the organization's systemic and policy work.
